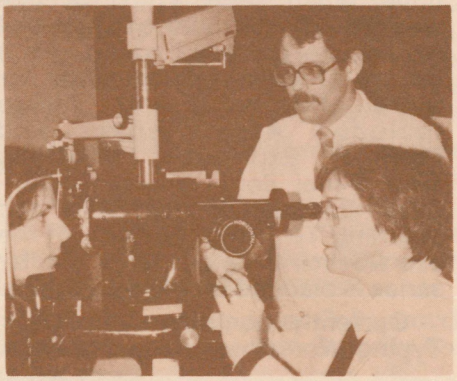
OPTOMETRIC TECHNICIAN NEW PROGRAM OFFERING FOR FALL '82

Manor Junior College and the Pennsylvania College of Optometry will offer a joint Optometric Technician Program in the Fall of '82. The two-year program provides general education, technical coursework and clinical experience leading to an Associate of Science Degree. It is one of only 15 similar programs in the United States. Manor's joint program with the Pennsylvania College of Optometry is unique in the Mid Atlantic region. An Optometric Technician is educated and trained to perform a variety of patient care procedures under the direct supervision of an optometrist. Technical skills include pre-examination, screening and special testing procedures, frame styling and dispensing, contact lens assisting, and vision training administration and procedures. Utilization of trained personnel in this team approach can allow for increased quantity and quality of vision care services to patient.

The Optometric Technician Program is Manor's sixth program within the Allied Health Division. It represents a commitment by both Manor and the Pennsylvania College of Optometry to meet the growing demands of the current and projected job market and to enhance the quality of trained para-professional personnel in health care. The first class is scheduled to be admitted for Fall semster '82. Manor's faculty and facilities will provide the general education coursework, preparing the students for an active role in people-oriented health care. The technical course work will be offered at the Pennsylvania College of Optometry, with lectures and laboratories addressing a wide scope of patient care skills. Students will be assigned to over 500 hours of clinical experience primarily in the Eye Institute, the world renowned teaching patient care facility located on Pennsylvania College of Optometry's campus.



MENTAL HEALTH PROGRAM AT MANOR

Manor will launch its fall, 1982 semester with a new Associate Degree and Certificate Program in Mental Health and Human Services. Mental Health and Human Services practitioners will meet the special needs of all kinds of people - children, the elderly, adolescents, parents, physically handicapped, the developmentally disabled, the abused.

Opportunities for employment exist in residences for the elderly, hospitals, clinics, social and welfare agencies, child and family care services including day care centers, and community mental health and mental retardation centers.

The program is designed around a variety of classroom and field work experiences, ranging from traditional lectures to seminars and consultations. The goal at Manor is to enable individuals to develop their abilities so they are effective in helping others.

Both the Associate Degree Program and the Certificate Program are designed to meet the needs of recent high school graduates as well as those of men and women interested in career changes. Because of the diversity in job opportunities open to graduates of either program, Manor forsees an increased enrollment of many people who already hold degrees in other disciplines. Manor offers the opportunity to prepare for a successful career in a service-oriented field. The College is optimistic about the job market for the 80's and excited about the Allied Health programs which are offered at Manor.

The new Mental Health Program will be under the direction of Elaine Ratner. Ms. Ratner received her Bachelor in Education from Temple University and her Masters in Health Education from Beaver College. Elaine has been teaching for twenty-two years, both in the Cheltenham and the Philadelphia School Districts. Elaine and her husband have four children and live in Wyncote, Pennsylvania.

...The annual **Mardi Gras** was held on February 20th, 1982. There was dancing, as well as games of chance hot and cold buffet, all to benefit the college Annual Fund.

...Manor's Campus Ministry is planning a **Bible Lands Tour** for December 27, 1982. The tour includes Jerusalem, The Garden of Gethsemane, The Mount of Olives, Bethlehem, Jericho, The Jordan River, Samaria, The Dead Sea, Galilee, Capernaum, and Nazareth. Anyone interested in this popular eight day tour contact Rev. Mr. J. Morse, Campus Ministry, Manor Jr. College.

...**Manor is on the radio.** Have you heard Manor's advertisements on WYSP? Sister Anthony Ann stated that students were happy to hear about the exciting career-oriented programs available at Manor.

...During February, National Dental Health Month, Manor's Dental Health Center offered **free dental exams** to the public. This was part of an all-out effort on the part of the administration, faculty and students to promote the importance of good dental health. The Dental Center, located on the campus at Manor, opened its doors to the public in October, 1979 and was developed as an adjunct to the Expanded Functions Dental Assisting Program. This unique two year associate degree program trains students to become skilled para-professionals, assuming a major role in providing dental care while under the direct supervision of the dentist.

...As an educational experience during February, National Dental Health Month, the **Dental Center** at Manor hosted two local groups, Cub Pack 427 from Queen of Peace Church and St. Mark's Nursery School. Maybe there will be some future Dental Assistants in one of these groups.

EMPATHY FOR THE ELDERLY INCLUDED IN TRAINING OF M.A.'s

Medical Assisting students at Manor were given an opportunity to develop a better understanding for the elderly patient by Mrs. Geraldine Stride, Director of Resident Services of Simpson House of the United Methodist Church. Mrs. Stride gave a presentation to second year MA students on February 4th as part of the Administrative Procedures class of Mrs. Stefanie Glick.

Mrs. Stefanie Glick, instructor in the Medical Assisting Program, discusses techniques to teach empathetic understanding for the elderly patient, with Mrs. Geraldine Stride from Simpson House.

By explaining some of the barriers to effective communication with the elderly which a MA might encounter, Mrs. Stride encouraged the students to have a more empathetic attitude toward the elderly. She effectively demonstrated to the students the barriers created by hearing and vision losses, by letting the future Medical Assistants experience temporary "deafness" and "impaired vision" through artificial devices.

Mrs. Stride talked about the feelings of resentment and anger which are often experienced both by the older patients and by the person interacting with them. She also brought out the problems inherent in the role reversals which often occur between parent and child during the later years, and the potentially "uncomfortable" subjects such as "death and dying" and "nursing home care". The students were also made aware of possible inconsistencies between verbal and nonverbal communication.

The Medical Assisting Program at Manor is a two year, Associate Degree program, leading to employment in Medical Offices, Hospitals, Industry, Insurance Companies and related areas.

Традиційний Український Свят-Вечір

В неділю, 13-го грудня 1981 р. відбувся в Менор Джуніор Каледжі щорічний, традиційний Український Свят-Вечір. Гості, приятелі Менору, Сестри, студентки і батьки прибули до кафетерії каледжу, щоб разом засісти до Святої Вечері.

Сестра Міріям Кляра, ЧСВВ, президент, коротким словом привітала Достойних гостей: о. д-ра шамбеляна І. Біланича, о. мітрата З. Злочовського, о. Р. Мірчука, о. М. Процика з дружиною і всіх присутніх. Студентки українського клюбу засвітили на столах свічки, а Сестри розносили Просфору і бажали гостям з Різдвом Святим.

Діти школи св. Николая під проводом Сестри Вернарди відіграли на бандурах декілька колядок, ввели присутніх у святковий настрій. Після Святої Вечері присутні і Сестри разом колядували. Цей настроєвий вечір закінчився молитвою, яку провів о. шамбелян І. Біланич.

На гарно прибраних столах стояли маленькі ялинки. Особи, яких уродини припадали найближче Різдва, дістали в подарунку ялинку зі стола, при якому сиділи.

Святу Вечерю підготовили членки Українського Клюбу під проводом його модераторів, а смачні страви приготовили приятелі Менору і зате ми складаємо їм нашу сердечну подяку.

Діяльність Українського Студентського Клюбу

Членки Українського Клюбу під проводом пані Христини Іжак влаштовували і брали участь у традиційній Свят-Вечері Менор Джуніор Каледжу.

Мала група членок була присутня на „Академічному Вечорі" в філії Українського Католицького Університету в Філядельфії, де мала доповідь д-р Ніна Строката-Караванська. Вечір зорганізував д-р В. Бандера, професор Темпел університету. Український Клюб був одним із співучасників в організуванні тієї імпрези.

В осені 1981 р. Клюб перевів збірку при школі та закупив дарунок від Менор каледжу для дітей сиротинця Сестер Василіянок. Цей Різдвяний подарунок вручили дітям 22-го грудня 1981 членки управи клюбу: Ліда Хоменко, Діяна Ягла та Евгенія Пастушок.

Щоб відзначити день Соборності Української Держави, клюб замовив Службу Божу в каплиці каледжу на день 22-го січня 1982 р.

program, which aids students if one of their parents is dead, disabled or retired. In 1981 the program provided benefits averaging $3,000 a year to approximately 700,000 students, reports the Social Security Administration.

The new plan approved by Congress will not provide benefits to students who are not enrolled full time at an institution of higher education by May 1, Most beneficiaries enrolled by May 1 will be able to continue receiving payments, but their benefits will be gradually reduced under provisions designed to terminate the program in 1985.

Sister Anthony Ann, Dean of Admissions, stated that Manor's Early Admission policy (which allows qualified high school students to be admitted during their senior year) has helped five high school seniors save their social security benefits. A modified program was developed to assist these students in this unusually rapid adjustment period. To date the five freshmen are adapting well with the help of other students, faculty and the counseling office.

MANOR'S UP AND COMING TEAM

1981-82 Basketball team are left to right, first row: Sue, Scheliga, Alma Forcione, Tina Capozzoli, Margaret McCabe, Marybeth Maddoni, second row Angie Scarengelli, Coach, Lisa Jones, Manager, Annette Tranchitella, Eileen Reardon, Patrice Hogan, Carol Dougherty, Gwen Phillips, Captain and Marguerite Roth.

Manor's basketball team has gotten off to a good season with wins against Northeastern Christian Junior College, Cedarcrest, Philadelphia College of Bible, Rosemont, Allentown and Bryn Mawr.

Captain Gwen Phillips is outstanding in rebounds and has scored 185 points in ten games. Patrice Hogan, defense, has 172 points so far this season. Eileen Reardon, Tina Cappozzoli and Margaret McCabe show outstanding performance on both offense and defense. Helping to balance the team through their terrific foul shooting are Carol Dougherty and Marguerite Roth.
